Paranan Agta language

Paranan Agta is an <u>Aeta language</u> of <u>Palanan</u>, <u>Isabela</u> northern Philippines. Lexically it is extremely close to <u>Paranan</u>. However, this is due to convergence of that languages; the sources of the two languages are different, and this is reflected in their grammar. [3]

Pahanan Agta (Palanan Dumagat) is a distinct language separate from Paranan Agta. [4][5]
